Robin Vuitch

*Solidify*

Constricted and sterilized.  
Defined by perception,  
A void for a body.  
Clothes left open  
Gendered rigidity,  
Fiber identity.

A lonely pile community  
Discarded encasements.  
Still enveloping  
The now nude body

Else wear,  
Finding alternate selves.

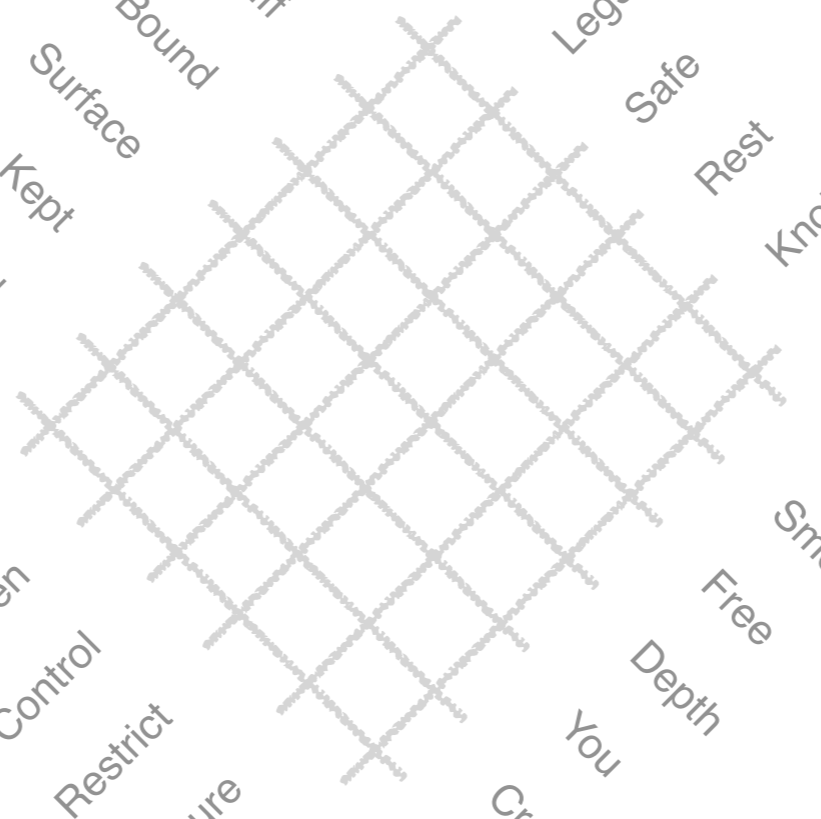

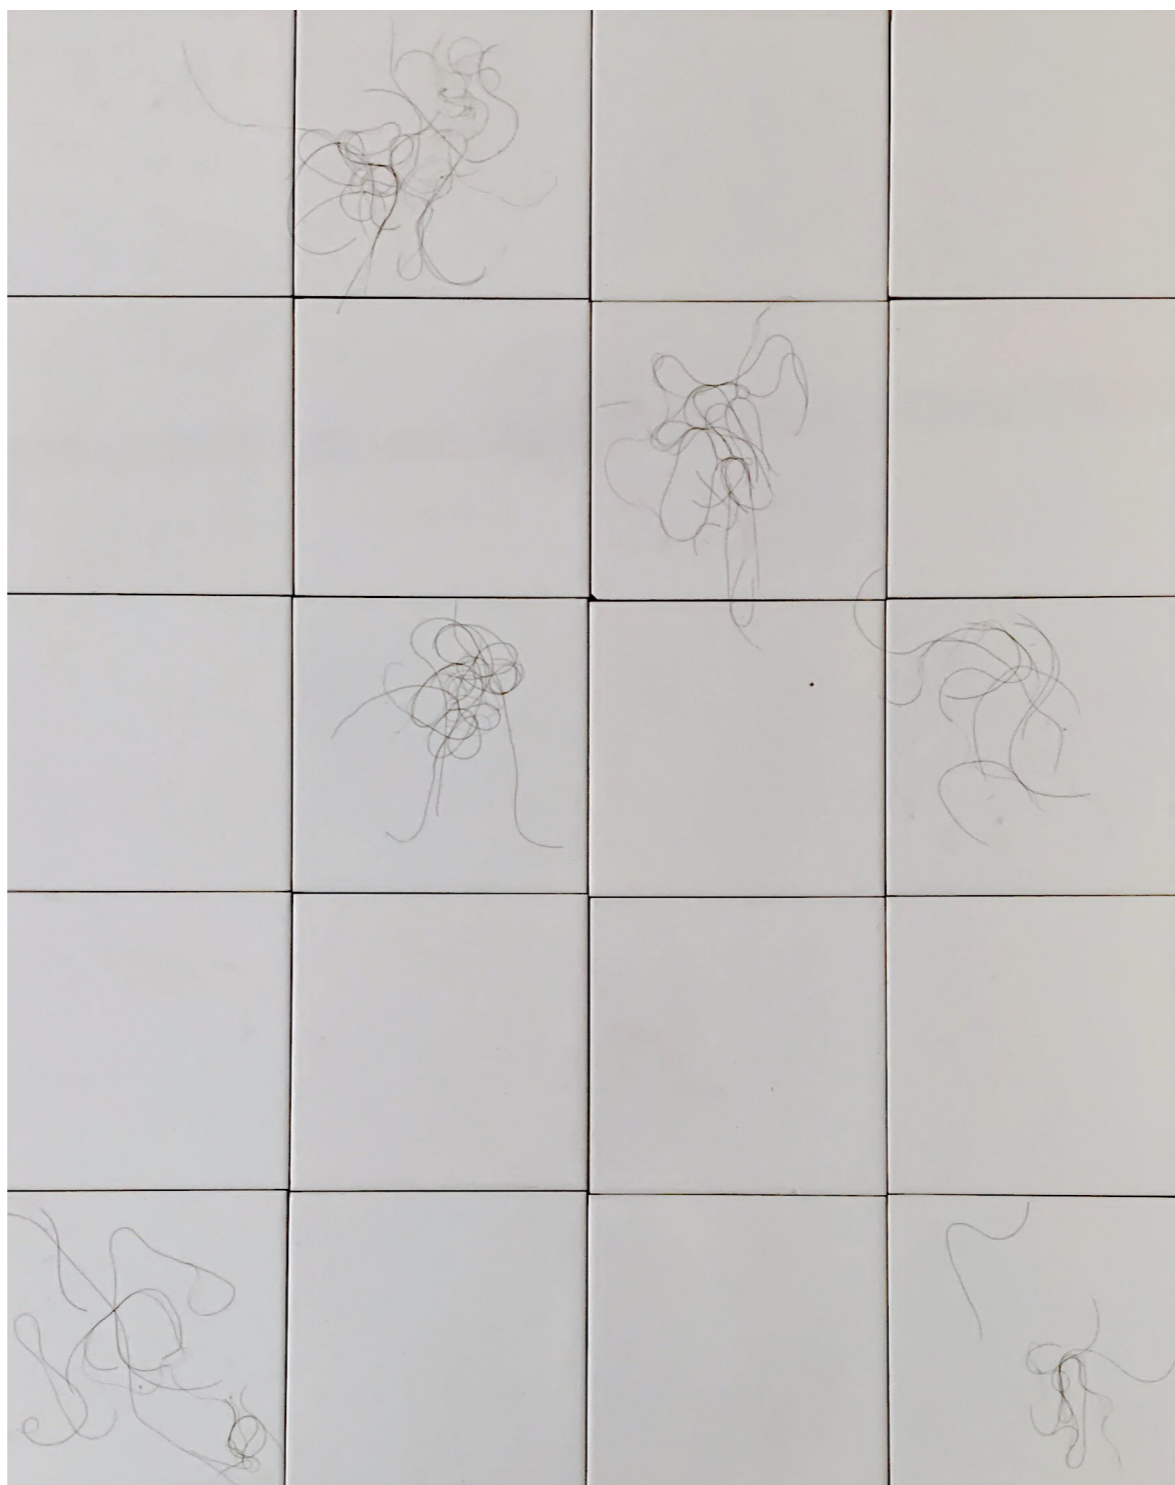

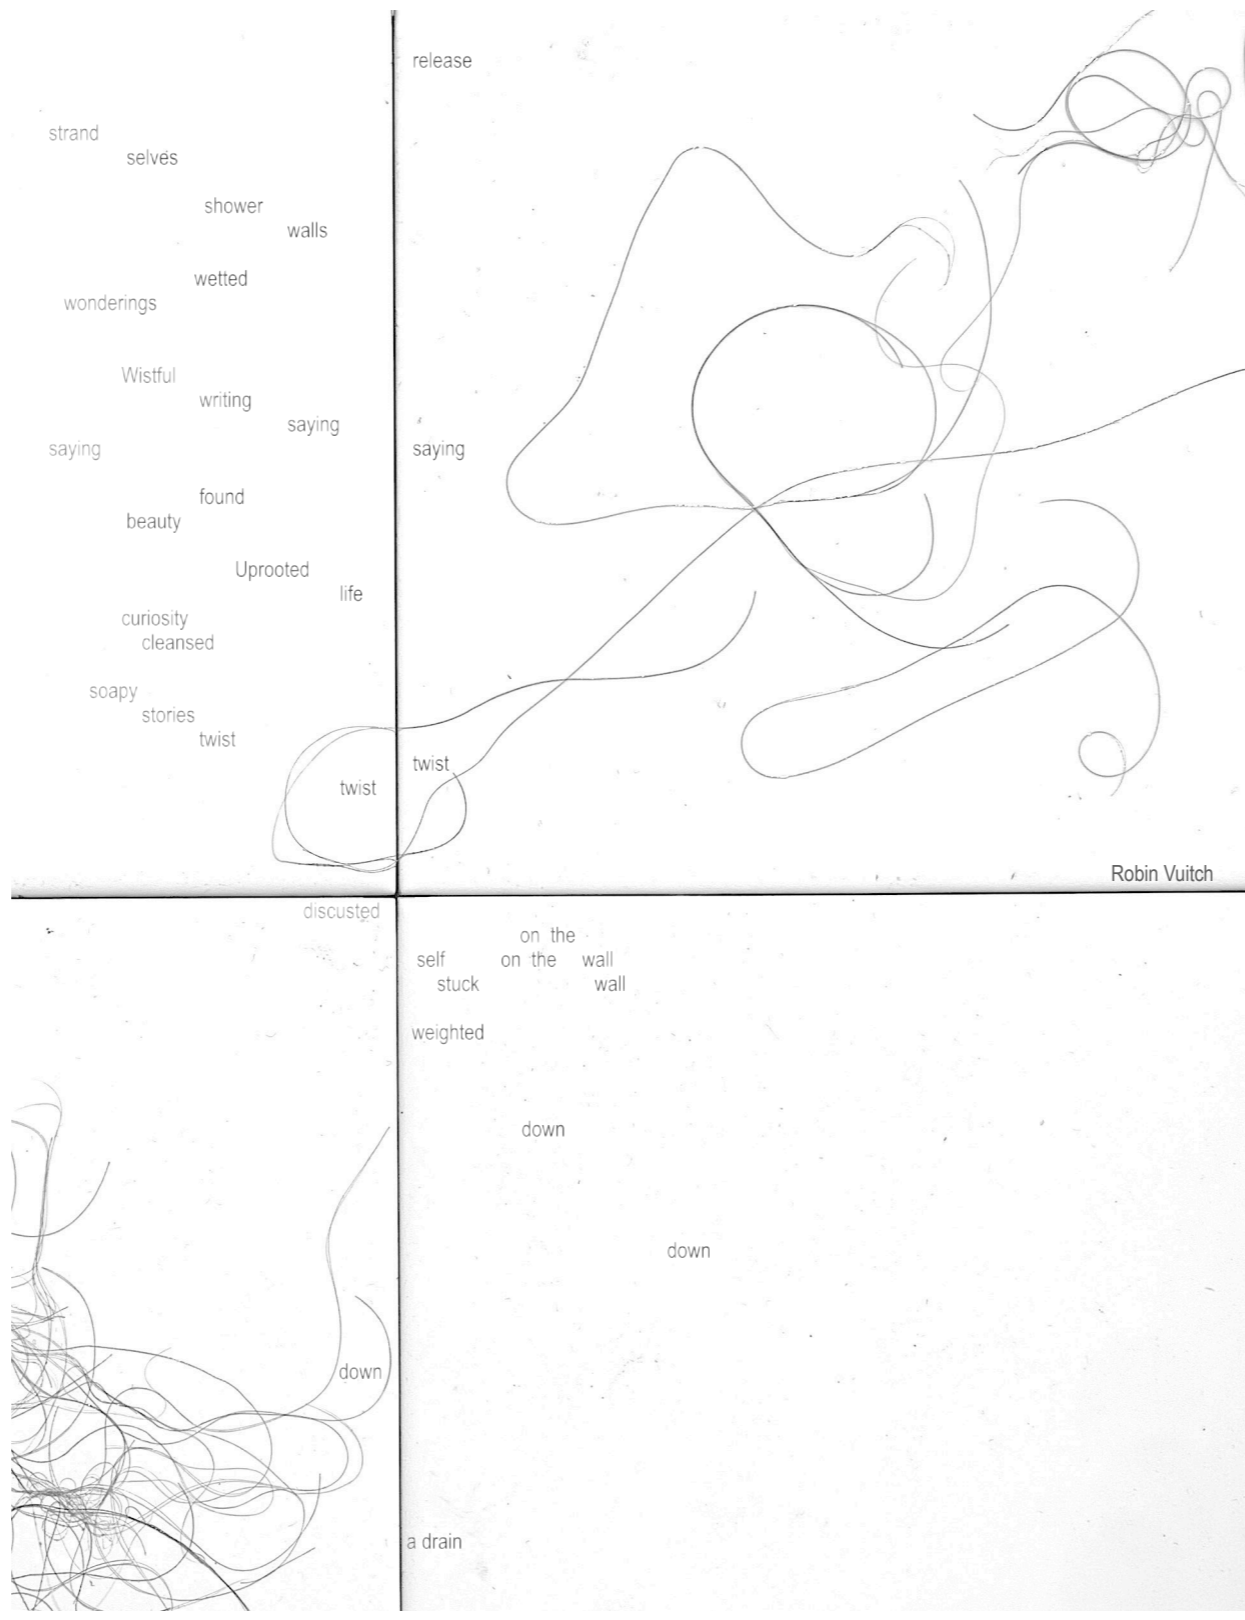

Tied Closed  
Stiff Legs  
Bound Surface Safe  
Kept Rest  
Looped Knot  
Skin Fragile  
Weave Care  
Open Smooth  
Control Free  
Restrict Depth  
Secure You  
Skin Crazy  
Heal
